

Por um mundo sem fronteira

African, Extracontinental and Afro-descent

Migration in Latin America

#HRC47 - Side event at the Human Rights Council

7 July 2021

9:00 (Central America)

12:00 (São Paulo)

17:00 (Geneva)

<https://bit.ly/FI-060721>

New migration trends are emerging in Latin America. Migrants of **African and extra-continental origin** are becoming increasingly visible, before and during the pandemic. Likewise, **discrimination and violations** against Afro-descendants migrants have worsened in recent years.

This side event will focus on the **multi-causality of migration**, examining on the **discriminatory practices** of different countries in migration control, detention and care of the Afro-descendant and extracontinental migrant population.

Interpretation available

- **Ms Tina Stavrinaki**
(Committee on the Elimination of Racial Discrimination)
- Testimonies from **Brazil, Colombia, and Honduras.**
- Moderation by **Ulises Quero**
